February 2019

***Resourcefulness *Resilience *Reasoning *Responsibility *Reflection**

Dear Parents and Carers,

There have been some lovely assemblies over the last two weeks, thank you to all the parent/carers who came to watch.

After half term a new system will be introduced for children with food allergies or special diets using badges. Please update us with any changes to dietary requirements.

After School Club – Children have been filling in questionnaires to collect their views on what they would like to do in the future.

Well done to all the children who have represented the school in sports. Over the last two weeks Yr 3 & 4 have taken part in Sportshall Athletics, KS2 entered the Swimming Gala and came 6th, the Girls football team drew 1-1 with Little Thurrock and Yr 5 & 6 came 6th in Sportshall Athletics.

Young Carers

Young Carers
Awareness Day
31 January 2019

What an amazing day we had last Thursday for Young Carers Day. Everyone made a real effort to wear something yellow which brightened up all of our day. The children were

treated to a very special assembly by Charlotte from Young Carers about why we were celebrating Young Carers Day and thanks to your generosity together we raised a fantastic £283.

Lost Property

Please check the lost property in demountable 2 if your child has lost any clothing. Please ensure all items of clothing have your child's name clearly written on the label.

Online Roadshow

On Thursday 7th March 2019, Year 5 and 6 have been invited along to the Walk On Line Roadshow at the Civic Hall, Blackshots. This is a special online safety event. The programme aims to raise awareness for your child around the positives and also the risks associated with today's ever changing technology. Look out for a letter about this early next week.

Science Corner

In the Rainbow Room with Miss Page and Mrs Davis, the children took advantage of the icy weather to collect pieces of ice for an investigation. They collected ice of different thicknesses and predicted which would melt first. The children set up a fair test. This also led to a discussion about solids, liquids and gases as well as reversible and irreversible changes. The children thoroughly enjoyed setting up their experiment.

Important Dates for your diary...

SPRING TERM

FEBRUARY

15th Sharing Assembly 6B
EYFS Workshop
