

Writing

We will:

- Learn to use 'and' to join 2 sentences
- Write postcards from the point of view of a character
- Learn to use the '-er' and '-est' suffixes
- Apply our phonics knowledge when spelling words

Science

We will learn about:

- What we need for basic human survival
- How we change throughout our lives
- The sequence of the human life cycle

Year 2 Curriculum Overview Autumn Term 1 2020/2021

PE

We will:

- Learn about spatial awareness
- Play basketball

Creative Curriculum

We will:

- Create stick people and use these for inspiration for an adventure story
- Create self-portraits, exploring our similarities and differences and what makes us special
- Create Autumn collages using different materials

PSHE

In an age appropriate way we will consider the themes of feeling safe at school, reconnecting with friends, managing worries, loss and bereavement and thinking about how to be positive and appreciative.

Reading

We will:

- Revisit the vowel digraphs and learn to read them speedily in words
- Begin to learn alternative pronunciations for letter patterns
- Learn to read contracted words
- Enjoy a class story every day

Maths

We will:

- Learn about number and place value
- Start to use mental addition, subtraction, multiplication and division
- Learn about fractions, ratios and proportion
- Learn about measurement
